DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This two story brick house with gable roof is one of the tiny alley houses built along either side of Churchill St. to serve as housing for the servants of the larger houses on nearby Warren Ave. and Montgomery St. The house has been restored.

The house is two stories in height, 12 1/2' wide, and occupies a lot about 47' deep. The house is two rooms deep and there is a one story high, two bay deep rear addition. The house is constructed in running bond. The steeply pitched gable roof has a two-tier brick cornice. There is a rectangular chimney located along the west side of both the front and rear roof gables.

The door and first floor window opening have splayed brick lintels; the second floor window openings have no lintels. All of the sills are wood. All of the window openings are filled with new 6/6 double hung sash. A horizontally paneled door with upper lights is set beneath a new four-light transom. The house sits on a low basement, the entrance being reached by two brick steps. A square shaped coal with metal cover is located to the right of the steps.
